

MICROSCOPE SERVICE & SALES

Since 1992

JLOptical JL Optical Inc. is an American Service Disabled Veteran-owned Small Business. As a leader in the service industry, JL Optical performs complete preventive maintenance and repair services on microscopes of all kinds, optical comparators, and slit lamps. No job is too large or too small. Although founded solely as a service company, our successful growth has afforded us the opportunity to offer a large selection of quality microscopes and accessories. Our loyal customers are the key to our success and have helped our business thrive for over 25 years in Florida and beyond. We provide service and sales to all areas including industries, universities, hospitals, laboratories, clinics, veterinary hospitals, as well as individuals. We take pride in managing our small business, not just on the outside but behind the scenes too.

Our goal is to provide the highest level of skilled professional service and quality sales products to meet the valuable and critical microscopy needs of industry, healthcare, technology, research, education, and individual interests.
